

# TEAM DEVELOPMENT

using LEGO® SERIOUS PLAY® materials and methodology

LEGO® SERIOUS PLAY® methodology creates a safe environment for team members to have deep self-reflection and to uncover their feelings, attitude or even subconsciousness. With LEGO® models as metaphors, team members are safe to share their stories with others which enhanced mutual understandings. Team members are free and feel more comfortable to express their views as they communicate on the LEGO® models rather than on the persons. In the process of using LEGO® SERIOUS PLAY® materials and methodology, team members are required to connect their individual models with others to build a collective one which strengthens team bonding as well.

## OUTCOME

-  *Strengthen team work*
-  *Enhance mutual understandings*
-  *Uncover subconscious feelings and attitude*
-  *Reinforce trust in team*
-  *Reduce turnover rate*

## TARGET PARTICIPANTS

-  *Everyone who needs to work in teams*

Team Development with LEGO® SERIOUS PLAY®

## BUSINESS BENEFITS

- ✓ *Stronger cooperation*
- ✓ *Strengthened team work*
- ✓ *Enriched team members' potentials*
- ✓ *Enhanced productivity*

## TEAM BUILDING

Through different team building exercise with using LEGO® SERIOUS PLAY® materials and methodology, relationships among team members improved with better mutual understandings and support. Sense of belongings and trusts are also promoted.

## PLAY

LEGO® SERIOUS PLAY® activates 100% participation of each and every team member. Team members play with LEGO® bricks, construct models and create landscapes. Through using LEGO® SERIOUS PLAY® materials and methodology, team members project their feelings and thoughts to bricks and models they built. By playing with the LEGO bricks, team members also build new experience together.

## APPLICABILITY

LEGO® SERIOUS PLAY® is applicable to all walks of life. LEGO® bricks and models become a common language during the meeting. Each and every team member is a story-teller. Team members contribute their unique resources and construct the story together.
